

THE MOLE AND QUEEN

COMMENIUS FROM TURKEY

We had special guests from Slovakia and Czech Republic and it was very nice to host them, and meet them with our children.

We made Turkish flag with krapon paper and presented our guests as a gift.

Our teacher taught us how to make sun bu using papers. We had a lot of fun together.

April 23 national sovereignty and children’s day in Turkey. In this special day there are children from anywhere in the world in our town and we have the chance to meet all of them. We also prepare special shows and perform them in our school.

We play games and we love to dance altogether.

And we love to learn lots of things.
